About us

The charity is at an exciting stage of its 60-year history and is proud to be reaching more young people than ever before (over 17,000) across Bristol, South Gloucestershire, and North Somerset with creative and diverse mental health and wellbeing information and support.

Our approach to mental health is grounded in a set of beliefs and assumptions that underpins all our work. We believe in celebrating diversity, empowering and mobilising young people to make change, and that catering to the unique strengths, interests and circumstances surrounding young people is key. Our approach centres on collaboration and partnership, building relationships between individuals, peers and communities.

Each day is as engaging and fulfilling as the last, and with a network of supportive, community minded people, we hope you'll feel welcome here. As a thank you, we like to compensate our employees for the important work they do with a range of benefits including a flexible leave policy, healthcare cost assistance with HealthShield, flexible and hybrid working arrangements, enhanced sick pay, parental leave, continual training and development, and many in-house events and initiatives.

At OTR, whatever your role or professional background, you will be expected to work in a way that is anti-oppressive and inclusive. A key focus for OTR is to develop an organisation that is inclusive for all but we do not claim to be experts in this. We are committed to continuous learning and improvement in these areas and invite you to join us on this journey.

OTR recognises the benefits to individual practice and organisational credibility of having a diverse community of staff and volunteers and to this end is continually working towards building and maintaining an environment which values and pursues diversity accordingly.

We recognise that tackling systemic inequality, prejudice, racism and oppressive practice requires each of us to actively engage, self-examine and make changes where necessary, to improve access and equitable experience for all in society and all of those who come through our doors at OTR.

- **Positive Disruption:** naming systems, structures, and attitudes that hinder supportive social change, seeking ways to overturn barriers to progress
- **Seed Sowing:** with an eye to the potential of the long term, seizing present moments and opportunities to set in motion shifts to benefit young people
